PAYMENTSSM

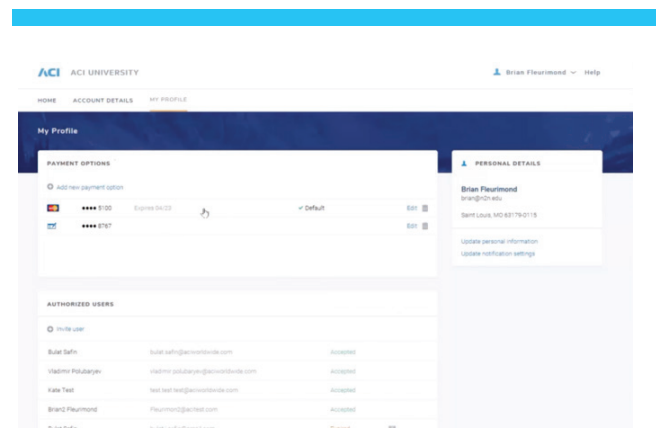

An Integration with N2N Illuminate

Paying for higher education is stressful enough on families. Using an outdated payment system only makes things more difficult—and yet, that’s what many colleges and universities are doing.

ACI Worldwide’s campus commerce solutions create a simpler, streamlined payment experience for students and their families, which can have a significant effect on student satisfaction. And now, ACI Worldwide’s products are integrated with N2N’s Illuminate, a gateway that empowers its customers to create, manage, secure and monetize APIs, as well as build bridges between two APIs without any need for programming or additional infrastructure.

Anywhere, Any Time Payments

Convenient anywhere, any time payments meet the demands for instant payments with mobile, online, phone, point-of-sale and kiosk payments.
